

Client Profile

A company brand under which tens of thousands of dedicated professionals in independent firms throughout the world collaborate to provide audit, consulting, financial advisory, risk management, and tax services to selected clients.

A Leading Audit & Consulting Company SharePoint Portal

Business Requirement

- ➔ The need for an intranet portal accessible from a mobile device
- ➔ Security control with PIN protection for all application pages
- ➔ The application administrators must provide critical support for all internal applications
- ➔ Provision of a content management component for content authoring, publishing, news, content approval workflow, versioning of the content and caching

Intelligroup Solution

- ➔ Designed a SharePoint portal
- ➔ The ability to access intranet portal from the mobile device
- ➔ Security is controlled via Active Directory and content/news targeting is controlled via SharePoint audiences
- ➔ The content management component is provided for content authoring, publishing, news, content approval workflow, versioning of the content and caching
- ➔ Collaboration is handled by interacting with existing Deloitte application like DStreet and My Gateway

Business Benefits

- ➔ Search options are provided in all possible manner
- ➔ Content is more manageable since it includes the same environment for content authors as well as audience
- ➔ All the major systems in the organization are brought under one umbrella, making them more manageable
- ➔ A second level of security is added by providing PIN for each user making security more stringent
